## 8. Mailchimp Vendor Email Trigger – starts at \$39.90/year for a Single-site license

Product Link: <https://www.pluginsandsnippets.com/downloads/mailchimp-vendor-email-trigger/>

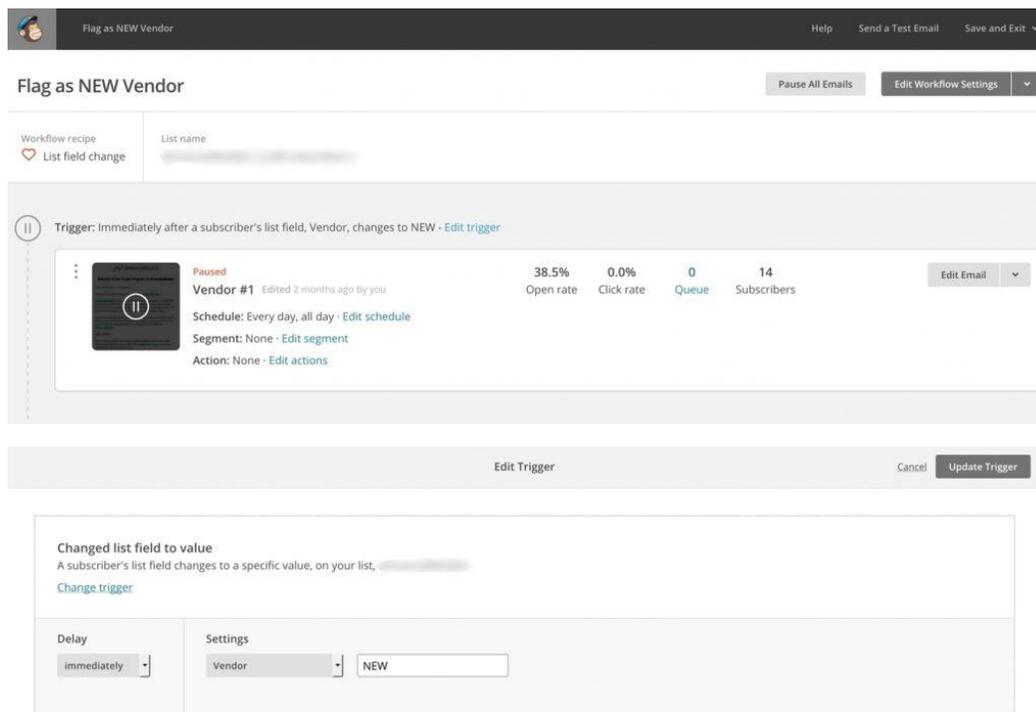

Example Affiliate Link: <https://www.pluginsandsnippets.com/downloads/mailchimp-vendor-email-trigger/ref/bestaffiliate/>

The MailChimp Vendor Email Trigger lets you add each new vendor registration to your Mailchimp Email list and flags each vendor as such. The standard EDD Mailchimp Plugin registers only customers but not vendors. This plugin, therefore, solves this gap and ensures also all of your new vendors are added to your MailChimp list and are flagged as such.

This Plugin is for the Vendor Registration Process of Easy Digital Downloads and lets you add each new registration automatically to a Mailchimp Email List.

Key Features:

- Automatically adds each new vendor registration to your Mailchimp Email list
- Flags each vendor in your Mailchimp Email list
- Trigger an email automation workflow for your newly added vendors
- Ideal for Digital Product Marketplaces

The screenshot shows the Mailchimp workflow editor for a trigger named "Flag as NEW Vendor". The trigger is paused and is set to fire "Immediately after a subscriber's list field, Vendor, changes to NEW". The trigger card displays the following statistics: 38.5% Open rate, 0.0% Click rate, 0 in Queue, and 14 Subscribers. The trigger is scheduled to run "Every day, all day" and is currently set to "None" for both segment and action. Below the trigger card, the "Changed list field to value" section is visible, showing a delay of "Immediately" and a settings dropdown for "Vendor" set to "NEW".

## 9. EDD Mailchimp Abandoned Cart WordPress Plugin – starts at \$49.95/year for a Single-site license

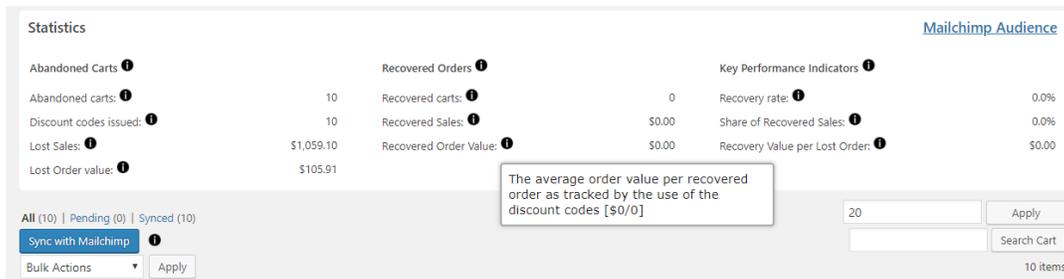

Product Link: <https://www.pluginsandsnippets.com/downloads/edd-mailchimp-abandoned-cart-wordpress-plugin/>

Example Affiliate Link: <https://www.pluginsandsnippets.com/downloads/edd-mailchimp-abandoned-cart-wordpress-plugin/ref/bestaffiliate/>

This plugin was created, specially designed to recover abandoned carts for Easy Digital Downloads (EDD) stores by using Mailchimp. It was specifically designed to optimize the abandoned cart recovery process for Easy Digital Downloads stores, therefore it's a true EDD plugin. Putting in place an effective abandoned cart recovery process in most cases is a must-have for your Easy Digital Downloads store of for any eCommerce Website.

Key Features:

- Systematically follow up on abandoned carts
- View Content of Abandoned Carts and Lost Sales Value
- Issues time-limited discount codes

## 10. PayPal Adaptive Payments – starts at \$89.00/year for a Single-site license

Product Link: <https://www.pluginsandsnippets.com/downloads/edd-paypal-adaptive-payments/>

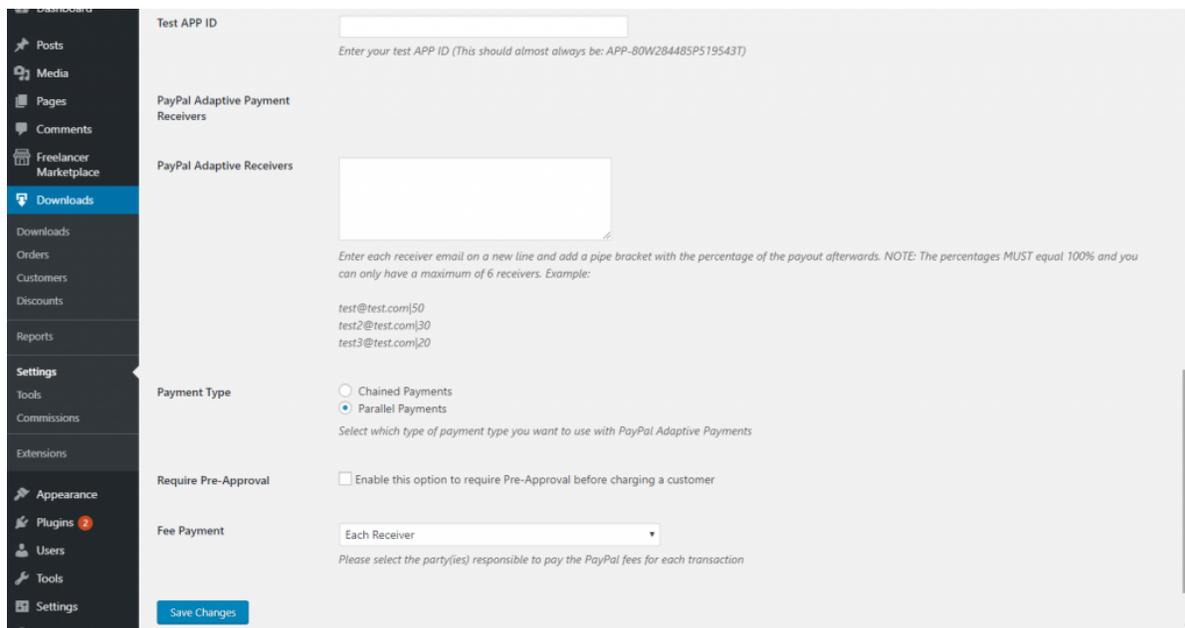

Example Affiliate Link: <https://www.pluginsandsnippets.com/downloads/edd-paypal-adaptive-payments/ref/bestaffiliate/>

PayPal Adaptive Payments Plugin is a payment gateway that works best with EDD Frontend Submissions and Commissions extensions in operating your Digital Product Marketplace.

This works by automating your vendor commissions by instantly and automatically splitting third-party commission up to 6 receivers. This way, it will save you a lot of time in manually paying vendor commissions. If you want to scale up your marketplace and want to work with more and more vendors, we strongly recommend implementing an automated solution brought by this PayPal Adaptive Payments Plugin.

Key Features:

- Key plugin for any multi-vendor marketplace
- Instant payments to third parties
- Splits revenues instantly and automatically
- Payments split with up to 6 receivers
- Avoids countless hours of admin work paying commissions to vendors manually
- Works best with Frontend Submissions (FES) and Commissions plugin from EDD

The screenshot shows the settings page for the PayPal Adaptive Payments plugin. The left sidebar contains a navigation menu with items like Posts, Media, Pages, Comments, Freelancer Marketplace, Downloads (highlighted), Orders, Customers, Discounts, Reports, Settings, Tools, Commissions, Extensions, Appearance, Plugins (with a notification badge), Users, Tools, and Settings. The main content area includes the following fields:

- Test APP ID:** A text input field with a placeholder and a note: "Enter your test APP ID (This should almost always be: APP-80W284485P519543T)".
- PayPal Adaptive Payment Receivers:** A section header.
- PayPal Adaptive Receivers:** A large text area for entering receiver emails and percentages. A note states: "Enter each receiver email on a new line and add a pipe bracket with the percentage of the payout afterwards. NOTE: The percentages MUST equal 100% and you can only have a maximum of 6 receivers. Example: test@test.com|50, test2@test.com|30, test3@test.com|20".
- Payment Type:** Radio buttons for "Chained Payments" and "Parallel Payments" (selected). A note says: "Select which type of payment type you want to use with PayPal Adaptive Payments".
- Require Pre-Approval:** A checkbox labeled "Enable this option to require Pre-Approval before charging a customer".
- Fee Payment:** A dropdown menu currently set to "Each Receiver". A note says: "Please select the party(ies) responsible to pay the PayPal fees for each transaction".
- A "Save Changes" button is located at the bottom left of the settings area.
